- skid or brake marks
- scattered debris and property damage
- weather, road, or traffic conditions

- ▶ **Accept medical assistance** and follow advice of medical personnel.
- ▶ **Speak to witnesses** and get their full names and contact information.
- ▶ **Call a towing company** to remove your car, if necessary.

After the Accident!

Follow up with medical professionals.

Follow medical recommendations promptly and keep receipts for any medical expenses.

Take notes. It's easy to forget the details of a traumatic experience, so document your memories.

Contact your insurance company.

The sooner you contact your agent, the sooner your claim can be resolved.

Speak to an attorney. Bring all available documentation to your consultation.
